Honorable Members of the Central Florida Regional Planning Council and Citizens of DeSoto County, Hardee County, Highlands County, Okeechobee County and Polk County, Florida:

It is our pleasure to present this Comprehensive Annual Financial Report for the Central Florida Regional Planning Council for the fiscal year ended September 30, 2019. The organization, form and contents of this report plus the accompanying financial statements and statistical tables are prepared in accordance with the requirements of the Governmental Accounting Standards Board, the American Institute of Certified Public Accountants, and the Governmental Finance Officers Association.

We have prepared this report and assume full responsibility for the completeness and accuracy of the information presented herein. In an effort to provide assurance that financial data incorporated into this report is as accurate as possible, we have adopted internal control procedures which are intended to ensure that financial transactions are recorded in a manner that is consistent with generally accepted accounting principles. These internal control procedures are also intended to prevent loss of assets due to theft or mismanagement. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met.

Chapter 218.39 Florida Statutes requires that all local governmental entities shall have an annual financial audit of its accounts and records by an independent certified public accountant. The Council has contracted with CliftonLarsonAllen LLP to conduct the audit for the year ended September 30, 2019. The auditors' report, which indicates that the financial statements included in this document are free from material misstatement and are fairly presented in conformity with generally accepted accounting principles, appears on page five of this report.

Readers of this report are encouraged to read the Management's Discussion and Analysis (MD&A) report. The MD&A provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A can be found on page eight, immediately following the independent auditors' report. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Profile of the Central Florida Regional Planning Council

The Central Florida Regional Planning Council is a political subdivision of the State of Florida and is an association of local governments consisting of DeSoto County, Hardee County, Highlands County, Okeechobee County and Polk County. The Council was created by the authority of 120.53(1) Florida Statutes in 1973 and is currently reorganized under Chapter 186, Florida Statutes.

The governing body consists of twelve elected officials from our member local governments and six governor appointees. A listing of all members of the governing body as of September 30, 2019 can be found on page three. The Council employs a full-time Executive Director to run the day-to-day operations of the entity. Page four of this report presents the Organizational Chart for the Council. The services provided to our region include planning services, transportation services, emergency management, and grant administration services.

The Council is a planning and public policy agency which works with public and private leadership in the Central Florida Region to achieve a vibrant and resilient future. Our primary mission is to provide support to the citizens and local governments of our region and to seek ways to improve the quality of life of its citizens.

The CFRPC is one of ten regional planning councils in the state of Florida due to changes in state statutes effective in May 2015. CFRPC remains the only totally inland region which is sometimes known as the Heartland region of Florida.

Local Economy

In 2018, the average unemployment rate for our region was 4.3%. As of September 2019, the average 2019 unemployment rate for our region has improved to 4.0%. There was significant job growth in the education, health care, and service industries. Traditionally, phosphate mining, citrus production, and cattle farming (all industries based on natural resources) have been among the region's most important industries; although a large amount of land is still used by these industries, they now account for only a small share of total employment. The industry structure of the region reflects a shift, over the last few decades, from a goods-producing economy to a service-based economy. While the agricultural and mining industries were formerly the largest employers in the region, the greatest number of jobs are now in service-providing industries such as retail trade, education, and health care.

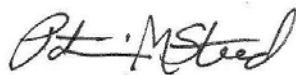

The economic outlook of the region has begun to improve in most communities; the CFRPC continues to work within available resources and to find cost effective ways to serve local government needs.

Acknowledgements

We would like to thank the staff of the Council for their respective roles in coordinating the many activities of the Council on a daily basis. We would also like to thank the external auditors, CliftonLarsonAllen LLP, for their cooperation and assistance during our annual audit and preparation of the Comprehensive Annual Financial Report of the Council.

We express appreciation to the Members of the Council for their continuing support and for the leadership they have provided to our region. This report reflects the favorable financial condition of the Council and we are proud to present it to you.

Sincerely,

Patricia M. Steed
Executive Director

Tami Hulse

INDEPENDENT AUDITORS' REPORT

To the Council
Central Florida Regional Planning Council
Bartow, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of Central Florida Regional Planning Council, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Central Florida Regional Planning Council as of September 30, 2019, and the respective changes in financial position and the budgetary comparison for the major fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 8-12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Central Florida Regional Planning Council's basic financial statements. The schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, statistical section, unaudited schedule of revenues and expenditures – by program, and unaudited schedule of indirect costs have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

To the Council
Central Florida Regional Planning Council

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2019, on our consideration of Central Florida Regional Planning Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Central Florida Regional Planning Council's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Central Florida Regional Planning Council's internal control over financial reporting and compliance.

**CENTRAL FLORIDA REGIONAL PLANNING COUNCIL
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2019**

The Management's Discussion and Analysis section is a narrative overview and analysis of the financial activities for the Central Florida Regional Planning Council (the Council) for the fiscal year ended September 30, 2019. Readers are encouraged to read the Management's Discussion and Analysis in conjunction with the Council's audited financial statements and other supplementary information.

Financial Highlights for the Year Ended September 30, 2019

- The assets of the Council exceeded liabilities at the close of the fiscal year by \$1,680,775. Unrestricted net position totaled \$745,805 and may be used to meet the Council's ongoing obligations. The remaining investment in capital assets, which were \$934,970 and are comprised of the Council's property and equipment net of accumulated depreciation.
- There was an increase in net position of \$25,468 which is the amount by which total revenues exceed total expenses.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Council's basic financial statements. The Council's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The presentation of government-wide financial statements reconciled with fund financial statements gives the reviewer two different perspectives of the Council's financial activities. In addition to the basic financial statements, other supplementary information is provided which is intended to enhance the understanding of the financial activities of the Council.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide reviewers with a broad overview of the Council's finances in a manner similar to a private-sector business and can be found on pages 13 and 14 of this report. The government-wide financial statements provide short and long-term information about the Council's financial status as a whole. These statements are reported on the accrual basis of accounting.

The Statement of Net Position presents information on all of the Council's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Council is improving or deteriorating.

The Statement of Activities presents information showing how the Council's net position changed during the fiscal year presented. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

**CENTRAL FLORIDA REGIONAL PLANNING COUNCIL
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2019**

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been grouped together for specific activities or objectives. The Council, like state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements such as Florida Statutes or the Council's interlocal agreement.

Governmental funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of resources, as well as on balances of available resources at the end of the fiscal year.

The Council maintains one governmental fund, the General Fund. The General Fund Balance Sheet includes only short-term assets and liabilities. The General Fund Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual includes capital outlay expenditures and excludes depreciation expense and changes in certain long-term liabilities.

Since the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may better understand the long-term impact of the government's near-term financing decisions. Reconciliations of the fund financial statements to the government-wide financial statements can be found on pages 16 and 18 of this report.

The Council adopts an annual budget each fiscal year for the General Fund. To demonstrate compliance with the adopted budget, the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget to Actual shows the variance between the final budget and actual revenues and expenditures. Changes to the original budget and actual variances from the final budget are listed on page 17.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are located on pages 19 through 27 of this report.

Additional Information

Additional information about the Council, which may be of interest to the reviewer, is found under the Management Letter section of this report.

Assets and Liabilities and Net Position

At September 30, 2019, the Council reported assets in the amount of \$2,326,203. A significant portion of the Council's assets are classified as current and other assets. Current and other assets at year end included cash of \$338,871, receivables of \$864,492, unbilled revenue of \$145,060, prepaid items of \$33,476 and investments valued at \$9,334. The increase in current assets is attributable to an increase in receivables at the end of the fiscal year.

The remaining assets, in the amount of \$934,970, are the Council's investment in capital assets. Capital assets of the Council include building and building improvements, computer equipment, furniture, operating equipment, and vehicles. Additions to capital assets for the fiscal year totaled \$238,697 and the addition to accumulated depreciation was \$193,452. Capital assets are not available for future spending.

The Council reported liabilities totaling \$645,428 which are comprised of \$424,231 of expenses to be paid, \$13,656 of unearned revenues, \$52,064 of accrued payroll liabilities and \$155,477 of compensated absences.

Net position may serve over time as one useful indicator of a government's financial condition. The Council's total net position increased by \$25,468 for the fiscal year ended September 30, 2019.

Revenues

Total revenues for fiscal year 2019 were \$3,899,398, which was an increase of 11% from \$3,520,376 in fiscal year 2018.

Program revenues accounted for approximately 93% of total revenues for the fiscal year ended September 30, 2019. These include revenues for charges for services and operating grants for Planning Services, Transportation Services, Capital grants and Contributions for Transportation Services, and Emergency Management.

Charges for services decreased from \$544,682 in fiscal year 2018 to \$495,982 in fiscal year 2019.

General Revenues increased to \$273,975 in fiscal year 2019 from \$268,649 in fiscal year 2018. The main source of General Revenues comes from Member Assessments. In fiscal year 2019 Member Assessments totaled \$260,390 increasing from Fiscal Year 2018. Member Assessments are calculated at 30 cents per capita for each member county, with capita based on BEBR's annual population estimates.

Expenses

Total expenses increased by \$622,409 in the current year to \$3,873,930 from \$3,251,521 in fiscal year 2018. Planning Services expenses increased by \$288,872. Transportation Services expenses increased by \$367,772 during the fiscal year. Emergency Management expenses decreased by \$34,235.

Budgetary Highlights

The Council's original budget for fiscal year 2019 included \$3,655,131 in revenues and \$3,655,131 in expenditures. The Council revised its original budget for fiscal year 2019 to reflect anticipated increases in local and federal funding by increasing the budgeted revenues to \$3,899,398. Line items within the expense budget were adjusted based upon year to date actual expenses. The final expense budget totaled \$3,909,630.

The comparison of original budget, final budget and actual expenses for the fiscal year ending September 30, 2019 can be found on page 17 of the financial statements.

Requests for Information

This report is only to provide an overview of the Council's financial activities. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Director at 555 East Church Street, Bartow, Florida 33830.

CENTRAL FLORIDA REGIONAL PLANNING COUNCIL
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Central Florida Regional Planning Council (the Council) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies.

Reporting Entity

The Council is an association of local governments in DeSoto, Hardee, Highlands, Okeechobee and Polk counties in the State of Florida. Its purpose is to advise and represent local governments in matters of comprehensive planning, to administer programs funded by state and federal grant programs, and to define, promote and preserve regional resources. The Council was created by the authority of 120.53(1) 160 Florida Statutes in 1973, currently reorganized under Chapter 186, Florida Statutes. The Council operates under 29G-4.001 of the Florida Administrative Code. The governing body consists of twelve elected officials and six governor appointees.

This report includes the financial statements of all funds required to account for those financial activities that are related to the Council and are controlled by or dependent upon the Council Members. Control or dependence upon the Council is determined on the basis of the governing authority, budget adoption, funding and state statutes. Based upon the principles set forth in accounting principles generally accepted in the United States of America, the Council is an oversight unit with no component units.

Government-Wide and Fund Financial Statements

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. The Statement of Net Position reports all financial and capital resources. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues are charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Governmental Fund Type

Governmental fund types are those funds through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are paid; and the difference between governmental fund assets and liabilities, the fund equity, is referred to as "fund balance." The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The Council's major governmental fund, the General Fund, is the general operating fund of the Council.

A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus and Basis of Accounting

The government-wide financial statements, the Statement of Net Position and the Statement of Activities, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues from intergovernmental sources shall be recognized in the fiscal year in which all eligibility requirements have been met. Revenues from all other sources shall be recognized when measurable and available. Revenues will be deemed available if they are collected within 90 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

In applying the accrual concept to intergovernmental revenues, the legal and contractual requirements of the individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Council; therefore, revenues are recognized based upon the expenditures recorded and the availability criteria. In the other, monies are virtually unrestricted as to purpose of expenditure, and are usually revocable only for failure to comply with prescribed requirements. These resources are reflected as revenues at the time of receipt, or earlier if the accrual criteria are met. Miscellaneous revenues are recorded as revenue when received.

Cash

The Council's cash deposits at September 30, 2019 were entirely insured under federal depository insurance or guaranteed by qualified public depositories in Florida pursuant to Chapter 280.07 Florida Statutes.

Investments

The Council holds some investments in an external investment pool, the Local Government Surplus Funds Trust Fund (State Pool). The State Pool is administered by the Florida State Board of Administration (SBA), who provides regulatory oversight.

A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Florida PRIME meets all of the necessary criteria to elect to measure all of the investments in Florida PRIME at amortized cost, as a cash equivalent. The Florida PRIME is rated by Standard & Poor's. The current rating is AAAm. The weighted average days to maturity (WAM) of the Florida PRIME at September 30, 2019 was 37 days. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the Florida Prime to interest rate changes.

The fair value of Council funds held in the State Board of Administration's Florida PRIME was \$9,334 as of September 30, 2019.

With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the Executive Director may extend the moratorium until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2019, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts Receivable

Receivables include amounts due for services under various agreements which are due within one year.

Prepaid Items

Prepaid items are payments which have been made in the current period for expenses related to a future period.

Unbilled Revenue

Unbilled revenue includes amounts of expenditures that were incurred for reimbursement basis grants during the current period that were not requested until after the period had closed.

Capital Assets

Capital assets, which include property, building and equipment, are reported only in the government-wide financial statements. Capital assets are those acquired for general government purposes with an initial, individual cost equal to or more than \$750 and an estimated useful life of more than one year. Such assets are recorded at historical cost if purchased or constructed. Land is not depreciated. Maintenance, repairs and minor renovations are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Building & Improvements	7 - 39
Furniture, Equipment & Vehicles	3 - 7

Accounts Payable

Payables include amounts due to vendors for services under various agreements which are due within one year.

Accrued Expenses

Accrued expenses include liabilities for accrued payroll and other accrued expenses.

Unearned Revenues

Unearned revenues are payments received before the related costs are incurred.

A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accrued Compensated Absences

Accrued compensated absences represent the liability payable to employees for leave earned but not yet taken. The Council's current policy allows for employees to be paid out upon separation from the Council for the hours accrued for annual leave and sick leave paid at the employees current pay rate up to the maximum hours allowed by the Council's policies.

Net Position

Net position represents the difference between assets and liabilities in the government-wide financial statements. Investment in capital assets consist of capital assets, net of accumulated depreciation. Net position is reported as restricted when there are limitations imposed on their use either through resolution adopted by the Council or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. When allowed, restricted resources are used first to fund appropriations.

Indirect Cost Allocation

Indirect costs are those costs incurred for a common or joint purpose benefiting more than one program and cannot be readily identified with a particular program. The Council's policy for determining which costs are direct and which are indirect follows the definition in Uniform Guidance. Indirect costs include occupancy, equipment rental and maintenance, legal expense, insurance, office supplies and depreciation. Using direct salaries as the cost base, indirect costs are allocated to programs on a prorated basis.

Budgetary Data

As allowed by GASB Statement No. 41, Budgetary Comparison Schedules – Perspective Differences, the Council presents budgetary comparisons in the General Fund Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D – LONG TERM LIABILITIES

The following is a summary of the changes in accrued compensated absences of the Council for the year ended September 30, 2019. As of September 30, 2019, the estimated current portion of accrued compensated absences is \$15,548.

Payable 9/30/2018	Additions	Deletions	Payable 9/30/2019
\$ 145,932	\$ 15,331	\$ (5,786)	\$ 155,477

E – RETIREMENT PLAN

The Council established a 457(b) deferred compensation retirement plan for the benefit of its employees. Employees may elect to defer compensation to the plan up to annual limits established by law. The Council matches employee deferrals based upon length of employment and individual employee deferral. The Council's contributions to the 457(b) retirement plan for the year ended September 30, 2019 were \$117,686.

F – OPERATING LEASES

The Council has entered into operating lease agreements for office equipment. Total expense for all operating lease agreements for the year ended September 30, 2019 was \$3,075. Minimum non-cancellable lease commitments are as follows:

2020	\$ 5,150
2021	5,150
2022	5,150
2023	4,292
Total	<u>\$ 19,742</u>

G – RISK MANAGEMENT

The Council is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Council purchases commercial insurance coverage and surety bonds related to these risks. There have been no decreases in coverage nor have there been any settlements in excess of coverage in any of the prior three years.

The Council is also a member of the Florida Municipal Insurance Trust Fund through the Florida League of Cities, Inc. (the Trust). The Trust is a self-insurance program established to provide certain liability, casualty and property coverage to the participating units of local governments in Florida, pursuant to various provisions of Florida Statutes. The Council pays an annual premium to the Trust for its insurance coverage.

CENTRAL FLORIDA REGIONAL PLANNING COUNCIL
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

G – RISK MANAGEMENT (continued)

The Trust is non-assessable and, therefore, the Council has no liability for future deficits of the Trust, if any.

The Council leases vehicles to various carriers within the region to provide transportation disadvantaged and rural transit trips. The Council requires all Lessee's to carry liability coverage for all persons being transported in the vehicle and any employee operating the vehicle. Comprehensive and collision coverage is required for the full value of each vehicle leased. Proof of such insurance is required to be kept current with the Council.

H – FUND BALANCE REPORTING

The Council has adopted the provisions of Governmental Accounting Standards Board Statement No. 54 (GASB 54) *Fund Balance Reporting and Governmental Fund Type Definitions*, which requires governments to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned. The intention of the GASB is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the Council's financial statements. GASB 54 provides for two major types of fund balances, which are nonspendable and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. In addition to the nonspendable fund balance, GASB 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints.

- Restricted – fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- Committed – fund balances that contain self-imposed constraints of the government from its highest level of decision making authority, requiring an ordinance or resolution by the governing body.
- Assigned – fund balances that contain self-imposed constraints of the government to be used for a particular purpose. Assignments may be made by only the Executive Director.
- Unassigned – fund balances that are not constrained for any particular purposes.

The Council does not have a formal fund balance spending policy, however the Council's practice is to use restricted resources first, followed by the use of committed resources, assigned resources and unassigned resources.

CENTRAL FLORIDA REGIONAL PLANNING COUNCIL
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

H – FUND BALANCE REPORTING (continued)

The classifications of fund balance are reviewed annually during the preparation of the Comprehensive Annual Financial Report by the Finance Director based on the definitions above. Recommendations are made to the Executive Director and Council for classification of funds for assigned fund balance and committed fund balance, respectively. Funds to be classified as committed require a resolution to be approved by the Council to commit and un-commit the funds to the classification. Funds to be classified as assigned require Executive Director approval.

The Council has classified its fund balance within the following hierarchy:

	<u>General Fund</u>
Nonspendable	
Prepaid Items	\$ 33,476
Unassigned	<u>867,806</u>
Total Fund Balance	<u><u>\$ 901,282</u></u>

CENTRAL FLORIDA REGIONAL PLANNING COUNCIL
NOTES TO THE SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
For the Year Ended September 30, 2019

NOTE 1 – GENERAL

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance presents the activity of all federal and state financial award programs of the Central Florida Regional Planning Council. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. The Council reporting entity is defined in Note A to the Council's basic financial statements for the year ended September 30, 2019. All federal financial awards and state financial assistance received directly from federal and state agencies, as well as federal financial awards and state financial assistance passed through other government agencies, are included in the schedule.

NOTE 2 – BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented using the modified accrual basis of accounting which is described in Note A to the Council's financial statements for the year ended September 30, 2019. Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Council has elected to not use the 10-percent de Minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 – CONTINGENCIES

Grant monies received and disbursed by the Council are for specific purposes and are subject to review by the grantor agencies. Such audits may result in request for reimbursement to be denied due to disallowed expenditures. Based upon prior experience, the Council does not believe that such disallowances, if any, would have a material effect on the financial position of the Council. As of November 27, 2019 there were no material questioned or disallowed costs as a result of grant audits in process or completed.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Council
Central Florida Regional Planning Council
Bartow, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Central Florida Regional Planning Council, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise Central Florida Regional Planning Council's basic financial statements, and have issued our report thereon dated November 27, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Central Florida Regional Planning Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Central Florida Regional Planning Council's internal control. Accordingly, we do not express an opinion on the effectiveness of Central Florida Regional Planning Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Central Florida Regional Planning Council's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Council
Central Florida Regional Planning Council
Bartow, Florida

Report on Compliance for Each Major Federal Program

We have audited Central Florida Regional Planning Council's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Central Florida Regional Planning Council's major federal programs for the year ended September 30, 2019. Central Florida Regional Planning Council's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Central Florida Regional Planning Council's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Central Florida Regional Planning Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Central Florida Regional Planning Council's compliance.

Opinion on Each Major Federal Program

In our opinion, Central Florida Regional Planning Council complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of Central Florida Regional Planning Council is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Central Florida Regional Planning Council's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Central Florida Regional Planning Council's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MANAGEMENT LETTER

To the Council
Central Florida Regional Planning Council
Bartow, Florida

Report on the Financial Statements

We have audited the financial statements of the Central Florida Regional Planning Council, as of and for the fiscal year ended September 30, 2019 and have issued our report thereon dated November 27, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance Required by the Uniform Guidance; Schedule of Findings and Questioned Costs; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated November 27, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings reported in the prior year.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Central Florida Regional Planning Council was established by the authority of 120.53(1) Florida Statutes in 1973 and is currently reorganized under Chapter 186, Florida Statutes.

To the Council
Central Florida Regional Planning Council

Financial Condition

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Central Florida Regional Planning Council and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

To the Council
Central Florida Regional Planning Council
Bartow, Florida

We have examined Central Florida Regional Planning Council's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2019. Management of Central Florida Regional Planning Council is responsible for Central Florida Regional Planning Council's compliance with the specified requirements. Our responsibility is to express an opinion on Central Florida Regional Planning Council's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether Central Florida Regional Planning Council complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether Central Florida Regional Planning Council complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on Central Florida Regional Planning Council's compliance with specified requirements.

In our opinion, Central Florida Regional Planning Council complied, in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2019.

This report is intended solely for the information and use of the Central Florida Regional Planning Council and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
